

A large, stylized drawing of a cat's head and upper body, colored orange and blue, serves as a notepad. The cat has a white face with blue eyes and a small pink tongue sticking out. It is positioned on a brown background with a repeating pattern of the sentence "the television is the highest though it is very fine". The notepad features five horizontal blue lines for writing, with a small blue wavy line at the bottom. In the bottom right corner of the notepad, there is a copyright notice: "© PictureVillageGaleri. http://www.picture-village.org".
